XJ Cherokee Air Tube

PART #: RP-AT11-XJ | **APPLICATION:** XJ Cherokee

INTRODUCTION

Rusty's Air Tube is one of the best things you can add to your vehicle. The air tube can be installed in about 10 minutes and will deliver 5 to 10 horsepower and will greatly improve fuel economy. Rusty's offers two K&N filters to fit the Rusty's Air Tube which must be ordered separately. The 4.5 x 5 standard filters are plenty of filters for the 2.5 and the 4.0 liter engine. The 6 x 9 is recommended for the V8 engines and can be used on the 2.5 and 4.0 engines for a mean and muscle car look.

INSTALLATION

NOTE: Save all factory components and hardware for reuse, unless noted.

- 1) Remove air box lid & remove stock factory filter.
- 2) Remove lower air box that is bolted to the inner fender.
- 3) The Rusty's air tube will re-bolt to the most rearward bolt that held in the factory air box in place.
- 4) Clamp the Rusty's air tube to the flex hose.
- 5) Slide filter on the tube and clamp.
- 6) Be sure the K&N filter doesn't touch or rub the body in any place, this will cause a hole in the filter and could cause damage to the engine.
- 7) On some models there may be small vacuum line attached to the air box, these lines can be followed to the in-take manifold and plugged, they will no longer be used.
- 8) Read the K&N filter instructions on doing service to filter.

WARNING

It is the owners' responsibility to inspect all Rusty's products for proper torque specs to prevent loosening of components. Seat belts and shoulder harnesses should be worn at all times. Re-check all bolts and nuts after the first 300 miles and after any off-road usage during the first 300 miles. Although all of our products are made from the highest quality materials possible, they are not a substitute for Safe and Careful driving. In other words, have good safe on-road / off-road sense. Know the terrain, the speed limitations, and any obstacles that may lie ahead. Please remember to preserve our right to enjoy public land through the proper use of off-road vehicles. Thank you for choosing Rusty's Off Road Products.
